IMPORTANT COMPLIANCE INFORMATION:

- Do you ship or transport Hazardous Materials?
- Does the U.S. DOT require you to placard your trucks?
- Does your company's DOT HAZMAT registration expire June 30, 2008?

The New England Fuel Institute (www.nefi.com) has prepared a *MEMBERS-ONLY 2008 Compliance Kit for Federal HAZMAT Registration*. ALL companies that transport HAZMAT must have a valid U.S. Department of Transportation (DOT) certificate in the cab of their trucks by **JULY 1, 2008**. As a general rule, if you placard your trucks then you must register your company with the DOT.

Again, this kit was sent *free of charge* to all NEFI members with email addresses. NEFI provides updates and valuable information to our members to help them remain compliant with this and other federal regulations. Through our Legislative and Regulatory Action Center, NEFI stays on top of developments so you don't have to. To request your copy of this kit, complete and return the form below:
