- **What NEFI is offering:** We are offering our well-received July 2008 SPCC Seminar on video CD, giving you everything you need to know to prepare for compliance with the newly revised SPCC rules for plan review, revision and implementation by July 1, 2009.
- **Computer System Requirements:** All that is required is 1) The latest edition of Adobe Flashpoint Player and 2) Internet Explorer 6/7 (Mozilla Firefox or Safari will also do)
- **Do not wait!!!** The closer you get to the deadline (July 1, 2009), the harder it will be to find a qualified professional engineer to revise and certify your plan, obtain the necessary zoning permits, begin implementing the changes and hiring contractors to do the necessary work.
- **Qualified Experts:** The information is presented by NEFI Regulatory Attorney Mark S. Morgan, Esq. and Professional Engineer Tim Laughlin of North Carolina Petroleum & Convenience Marketers.
