608 UNIVERSAL TRAINING AND CERTIFICATION

The EPA Section 608 test is intended to measure a technician's knowledge of refrigerant containment laws as established by the Clean Air Act. Areas covered by the test include modern service, installation and disposal practices for refrigerant bearing appliances and the proper use and maintenance of equipment required for this purpose. Questions also require knowledge of how and why refrigerants effect our environment.

NEFI is offering a 2 session evening course and a one session day course on 608 Universal Training and Certification. The evening course will be offered on November 17 & 19, 2009 (6:00 – 10:00 pm), and the day course on November 19, 2009 (7:00 am – 3:30 pm)

Cost \$ 175.00-Members /\$ 200.00-Non-Members

A check or credit card payment must be enclosed with this application form. Payment must be received in full by the start of the course.
