Keep your customers on oilheat by saving them money while profiting from equipment sales.

This seminar focuses on options for oilheat customers and shows the many options available today without fuel switching. Explores building technology, bioheat and alternative fuels, thermostats, new burners and appliances, outdoor and indoor reset options and the advantages of using the latest efficiency options to lower consumers fuel bills. We'll show you established ways to prove that oilheat can not only be safe and reliable, but also efficient and "green". All required training and service

**This class is NORA Certified
for 7 CEU's**

Instructor: George Lanthier
