Training on fuel systems from tanks to nozzles. Featuring pumps made by Beckett, Danfoss, Riello Suntec & Webster.

This seminar is just on the fuel system from the basics to the most advanced. Ideal for service technicians and installers the seminar covers the correct design and troubleshooting of fuel systems and the components from the tank to the nozzle. Looks at gauges and testers, fuel treatments, bio-fuels and troubleshooting oil lines, pumps, osvs', oil de-aerators, nozzles and the benefits of overhead lines and fuel oil boosters. All required training and service materials are provided.

Seats are limited and sold only on a first-paid, first-seated basis.

**This class is NORA Certified
for 8 CEU's**

Instructor: George Lanthier
