608 UNIVERSAL TRAINING AND CERTIFICATION

The EPA Section 608 test is intended to measure a technician's knowledge of refrigerant containment laws as established by the Clean Air Act. Areas covered by the test include modern service, installation and disposal practices for refrigerant bearing appliances and the proper use and maintenance of equipment required for this purpose. Questions also require knowledge of how and why refrigerants effect our environment.

NEFI is offering a 2 session evening course on April 14 & 16, 2009 from (6:00 pm – 10:00 pm) on 608 Universal Training and Certification.

Cost \$175.00-Members /\$200.00-Non-Members

(Total amount includes a \$50.00 non-refundable registration fee)

A check or credit card payment for the \$50.00 registration fee must be enclosed with this registration form. Payment must be received in full by the start of the course.
