Instructor - Bob Hedden is a consultant and educator with over 30 years of Oilheat industry experience in customer retention, marketing, sales, and service department operations. His company, Oilheat Associates, is a full service management consulting, research and education firms dedicated to strengthening the Oilheat industry. Bob is very active in industry associations and is one of the founding members of the Metropolitan Energy Council, the East Coast Energy Council, the Oilheat Manufacturers Association, and the National Oilheat Research Alliance. Bob currently serves as the Executive Director for OMA and NORA Spokesperson. Author of the Efficient Oilheat, and Energy Conservation Guide (The Gold Manual). Bob consults and teaches for over 200 oilheat companies and most of the industry associations in the U.S. and Canada.

Late Arrival/Early Departure – Please be on time for class. Certificate will only be issue to students completing all aspects of the class.

Lunch is “on your own”. Lunch may be obtained on premise (depends on facility) or at nearby eating establishments during the Noon break. Ask the instructor for specifics.

Mailings: In addition to lists maintained by third parties, NEFI maintains its own database of those persons who wish to receive Oilheat course notices. Companies will be added to NEFI’s Oilheat – or propane - course notification list upon request. Individual interested in receiving course notices are urged to provide NEFI with their e-mail address.

Maximum Students for this seminar: 30 (typical)

No Shows: Firms registering students and failing to attend without notice to NEFI on or before the registration deadline date will be billed for and liable for the full amount of tuition.

NEFI – NEFI is a New England 1000-member fuel marketer trade association. See us at www.nefi.com

Pages in this Notice. This complete course notice should include 3 pages: If you do not have 3 pages, contact NEFI

Creative Credit & Collections for Oilheat & Propane Companies

Get paid faster, and keep your customers – Instructor: Bob Hedden

Tuesday, October 7, 2008

NEFI, 20 Summer Street, Watertown, MA 02472

9:00 a.m. – 3:30 p.m. (register by September 30, 2008)

SEMINAR: NEFI and Massachusetts Oilheat Council are pleased to bring this one-day seminar to the region's fuel marketers. Credit and Collections are one of the most important things a retail fuel company does. In this era of high fuel prices, tight margins, and stretched credit lines, this class can be the difference between survival and bankruptcy for many companies. Now more than ever we have to walk the fine line between the need to increase sales and hang onto our customers and still turn sales into cash as soon as possible. This course will teach you how to make this happen.

IN THIS FUN AND INTERACTIVE SEMINAR, THE FOLLOWING TOPICS WILL BE EXPLORED

The characteristics of good customers

How to get the customer relationship started right

Credit scoring

How to handle tricky situations

How to get paid first

The credit manager job description

Winning phone calls

Follow-up letters

A step by step collections plan

The customer service aspects of credit

Special emphasis will be placed on handling complaints, dealing with disagreeable people, and solving customer's problems.
