The National Energy & Fuels Institute's Main Street businesses are delivering the cleanest and most cost-effective, secure, and reliable solution for America's energy future, but "electrify everything" zealots and their allies in every level of government are trying to stop them.

To combat this, we will need everything in our toolkit: advocacy, communications, education, and more.

Your generous support for 2024 Industry Advocacy Fund is vital to keep us in the fight! Now it's your turn! Are you up to the challenge?
